CIMPLASTA Srl joins Sedex in commitment to social and environmental sustainability

Vergiate, 01/12/2025

Cimplasta Srl has become a Sedex member, joining the world-leading organisation in their latest commitment to supply chain sustainability.

Cimplasta is dedicated to being a responsible business, managing their operations and supply chain in a way that safeguards workers, communities and the environment. Joining Sedex supports Cimplasta's established ethical, CSR and sustainability programme. This includes achievement of all targets ESG.

Sedex's technology and services help companies such as Cimplasta to source more sustainably. The platform and solutions provided empower businesses with the practical tools, data analysis and insights needed to drive more socially and environmentally responsible practices in their both own operations and with suppliers.

Cimplasta will use Sedex technology and data tools to achieve a continuous improvement in sustainability, asking to its stakeholders to understand and work in alignment.

"Sedex is delighted to welcome Cimplasta as a member. We welcome their commitment to sustainable business, and look forward to supporting them to achieve their social and environmental sustainability goals.

Jon Hancock, CEO, Sedex"
